The Summer Hebrew Institute is an upper-level course in biblical Hebrew for pastors with a strong interest and ability in Hebrew.

The heart of the course in 2021 will be the rapid reading of

16 chapters of the book of Numbers in Hebrew. In these chapters we will see the ups and downs of the Israelites as they wander in the wilderness—including the quail, the spies, the bronze snake, and the oracles of Balaam. And we will enjoy the paradigmatic Hebrew prose of Moses.

PROGRAMS FOR PASTORS AND LAY LEADERS

WELS Evangelism Certificate – *Always Be Prepared to Give an Answer*

The WELS Commission on Evangelism offers evangelism courses through the Martin Luther College continuing education program. These online evangelism courses are designed and intended to help lay members and called workers to . . .

- lead their congregations in planning and implementing efforts to reach more people with the gospel, and
- grow in understanding, ability, and confidence for personal evangelism.

Each course provides the biblical foundation for evangelism and ministry resources for training and encouraging participants.

Upon successful completion of all three online evangelism courses, individuals are eligible to apply for an Evangelism Certificate.

The courses are also available to those who are interested in the subject matter but not necessarily seeking the certificate.

The three courses - Practical Evangelism, Friendship Evangelism, and Mission of the Church - are offered on a rotating basis and may be taken in any order.

WELS Chaplain Certificate – *Share the Love of Christ with Others*

There is a growing need to share the love of Christ with people who are experiencing special life situations, including but not limited to those who are serving in the military or confined to hospitals, correctional facilities, and/or other private and public residences. WELS called workers and lay workers are increasingly drawn to participate in such ministries.

As these opportunities for gospel ministry increase, those specializing in this ministry are required to be better trained and to carry qualifying credentials, certificates, and

appropriate degrees for various forms of chaplain care. The WELS Chaplain Certificate has been designed and implemented to prepare and qualify pastors and lay workers for these specialized ministries.
