SOUTHEASTERN WISCONSIN DISTRICT 50th Biennial Convention + June 14-15, 2016

Convention Information

Check in Tables (Name Tags and RttDs)

When you arrive at the convention, please check in at the table for your conference at the north end of the REX gymnasium. The six conference secretaries – or someone they have designated – will man these tables. There you will find your name tag and can pick up a printed copy of the Report to the Districts (RttD) and the worship folder.

Late Registration

If you did not yet register, the conference secretaries will have blank name tags you can fill out. They will also be able to check you off on their conference lists. We ask that you still use the computers in the northeast corner of the gym or the REX lobby to register online to get yourself in the registration database. Use the icon on the desktop to open the online registration form. A link to the form is also available at the new district website: www.sew-wels.net.

Excuses

If you know that you will be absent for part of the convention and did not excuse when you registered, please either give a written excuse to Secretary Carter or use the online registration form to create another registration that notes your excuse.

Meals and Refreshments

Continental breakfasts will be provided for everyone Tuesday and Wednesday. Refreshments will be available in the REX lobby throughout the convention.

The Tuesday noon meal will be served in the Campus Center. Because we won't all fit in the Campus Center at once, we will eat in two shifts. Those shifts will be determined by conference and circuit. Circuits not scheduled for lunch in each shift will meet for their circuit pastor elections during that shift. A schedule noting which circuits eat when and where circuits will meet for their elections is printed at the bottom of page 10 of this document.

The supper meal for committee members will be brought to Generac Hall.

A box lunch will be available at the back of the REX during the noon hour on Wednesday.

Copies Available

A limited number of copies of the reports and other convention materials for those who were not able to download them before the convention are available from the conference secretaries at the registration tables.

Announcements/Messages

Any announcements that need to be made or messages that come in for convention attendees will be displayed on the screens to the left and right of the stage. If you have a message to display on those screens, please talk to the people at the technology table at the back of the auditorium.

Northwestern Publishing House

Christian books and other materials from Northwestern Publishing House are available to purchase at their display in the northeast corner of the auditorium

Displays

The synodical and para-synodical ministries and groups listed below have set up displays along the south wall of the gymnasium. Please visit their displays while you're here.

Power for Electronic Devices

Cords and power strips for computers and other electronic devices are available at many of the tables at the front half of the auditorium. Cords and strips for recharging are also available at the north end of the gymnasium (behind the conference check-in tables).

Convention Reports and Proceedings

Copies of the proceedings of this convention will be available as soon after the convention as possible on the district's new website, www.sew-wels.net. Copies of the convention resolutions will be available there before the proceedings are finished.

Membership List

Pages 21-39 of this document contain the official membership list of the district. Every attempt has been made to make it as accurate as possible. Every called worker has been placed in the conference and circuit where they hold congregational membership. Uncertified called workers are noted in italics. If you find any corrections that need to be made, or have any other questions about the list, please inform Secretary Carter in writing or by e-mail (sewsec@gmail.com).

Convention Evaluations

You may use the evaluation sheet on pages 45-46 to note any comments you may have about this convention and its arrangements. These evaluation sheets may be placed in the boxes located at the head table and the Technology Station at the back of the gym. There is a link to an online version of this form on the district's new website, www.sew-wels.net.

50th Biennial Convention + June 14-15, 2016

Parliamentary Guidelines

GUIDELINES FOR MOTIONS AND PROCEDURES ~WELS SYNOD AND DISTRICT CONVENTIONS~

Main or Principal Motion

A Main or Principal Motion introduces the business of the assembly before the voting members for discussion and final action. There can be only one Main Motion on the floor at one specific time. Debatable. Amendable. Majority vote to pass.

Withdraw a Motion

When a motion is before the group and the person who made the motion desires to withdraw it, the Chair may grant him permission to do so, provided no one objects. If anyone objects, the motion cannot be withdrawn except through a motion granting such permission by the assembly. Not debatable. Not amendable. Majority vote required for adoption.

Amending a Motion

Amendments are motions by which the motion under consideration may be clarified or amplified so that it is more suitable and acceptable. This may be done by adding, or inserting, or striking out words, phrases, or paragraphs. An Amendment may be used to divide a motion or to substitute a new motion provided it relates to the matter under consideration. In all instances the amendment is considered first and then the vote on the Main Motion. Debatable if motion to be amended is debatable. Amendable. Majority vote to pass.

Amend the Amendment

An Amendment may be amended, but only once. Amendment in the third degree is out of order. Debatable if motion to be amended is debatable. Not amendable. Majority vote.

Postpone to a Definite Time

The motion to Postpone to a Definite Time applies only to the Main Motion. It may be amended, but only by altering the time. Debatable on its own merits but not on the main motion. Amendable. Majority vote.

Postpone Indefinitely

To Postpone Indefinitely applies only to the Main Motion and questions of privilege. If it carries, the motion to which it applies cannot be brought up for consideration again during the meeting. Debatable. Not amendable. Majority vote for passage.

Limit or Extend Debate

When many people wish to speak to an action to be taken, the time granted to each speaker may be limited. A Motion to Limit Debate or to Extend Debate on a pending question is not debatable and requires two-thirds vote. When time for adjournment of a meeting has arrived and the members are in the middle of debating a motion, the time for adjournment may be extended until debate is completed and the action on the motion has been taken. Amendable.

Point of Information

All requests for information should be addressed to the Chair. The privilege of rising for a Point of Information is at times necessary and helpful for members of the assembly. It, however, is not to be abused. A member rising too often should not be given recognition by the Chair.

When asking for a Point of Information the member should recognize the Chair, states his name and say, "Mr. Chairman, a Point of Information. I would like to ask the previous speaker a question." If the Chair grants such a request, the member may ask his question. Not debatable. Not amendable. Is not voted on.

Parliamentary Inquiry

A Parliamentary Inquiry is a request for the Chair's opinion on a matter of parliamentary procedure as it relates to the business at hand. If the Chair cannot answer the question, he may refer it to the parliamentarian. Such inquiry may not lead to debate or to an appeal. Is not voted on.

Division of a Question

The motion to Divide a Question and then consider one part at a time is really an amendment and is subject to the same rules as an amendment. Not debatable. Amendable. Majority vote required for adoption.

Refer to a Committee

If consideration of a resolution indicates that such resolution or motion is unclear, the matter may be referred back to the committee responsible for the matter or to a special committee.

A Motion to Refer is debatable. The debate, however, can extend only to the desirability of committing the main question and the proper details of the motion to commit but not to the merits of the main question. It is amendable. Majority vote required for adoption.

Previous Question or Call the Question

When members begin to repeat themselves in the discussion of a motion and little progress is being made, a motion calling for the Previous Question (Close of the Debate) may be made. It demands that the motion be called immediately without debate or amendment. If it carries with a two-thirds majority, then the pending main motion or amendment to the main motion must be called. If the motion calling for the Previous Question fails to carry, discussion of the pending motion continues.

No delegate may speak on the pending motion and then close his remarks by saying, "Mr. Chairman, I move to Call the Question."

Should there be a Main Motion before the assembly as well as an amendment to the Main Motion, a motion calling for the Previous Question would apply only to the pending amendment. If the call for the Previous Question is to include the Main Motion as well, the maker to the motion for the Previous Question should say, "I move the Previous Question on the Main Motion and all of its amendments." Or "I move the Previous Question and all pending questions."

Lay on the Table or Tabling a Motion

A motion to Table postpones actions on the subject pending in such a manner that it can be taken up at any time provided a motion to take the subject from the table passes. It is neither debatable nor amendable. Majority vote required for adoption.

Division of the Assembly

After a vote by voice or in a large assembly by hands any voting member may call for a division of the vote, that is, a vote usually by rising or by ballot. It is in order without obtaining the floor and at any time after the question has been put, even after the vote has been announced. Does not require a second or a vote. Demand of a single voting member compels division. Not Amendable. Not debatable.

Point of Order

In ordinary meetings it is undesirable to raise points of order on minor irregularities of a purely technical nature particularly if it is clear no one's rights are being infringed upon. When a voting member notices a breach of order that may do harm if allowed to pass, he may rise and without

waiting for recognition from the Chair call for a point of order. He merely says, "Mr. Chairman, I call for a point of order."

The validity of a point of order is decided by the Chair. If the member who raised the point of order is not satisfied with the Chair's ruling either the Chair or the member may appeal to the assembly for a final decision. The member's appeal requires a second. Debatable under special circumstances. Not amendable. Majority in negative to reverse Chair's decision.

Appeal

If a member differs with a ruling of the Chair affecting a substantial question, he may appeal. He may say, "I appeal from the decision of the Chair." If the appeal is seconded, the chairman states the question as follows, "Shall the Chair be sustained by the assembly?" If there is a tie vote or a majority vote the Chair is sustained. Not amendable. Not debatable under certain conditions.

Suspend the Rules

The Constitution and the Bylaws of the WELS cannot be suspended, even by unanimous consent. Any changes therein should be made in conformity with the Constitution. When the convention wishes to do something that it cannot do without violating one or more of its regular rules, it can adopt a motion to Suspend the Rules interfering with a proposed action provided such action is not in conflict with the organization's Bylaws and Constitution. Such rules usually relate to the details of administration rather than parliamentary procedure. Suspension of a rule for a definite purpose requires a two-thirds vote. Not debatable. Not amendable.

Call for the Order of the Day

The Call for the Order of the Day takes precedence over all other motions except the motion to adjourn and a question of privilege. The schedule or addenda appearing each morning as Today's Business makes up the Order of the Day. However, pressure of time, the unscheduled interruptions of the election committee, and at times the inability of the Floor Committees to provide an orderly flow of recommended resolutions makes it very difficult for the Chairman to follow the Order of the Day precisely. The delegates are asked to allow the chairman reasonable latitude in abiding by the Order. Not debatable. Not amendable. Must be enforced on request of one member unless set aside by a two-thirds vote.

Raise a Question of Privilege

To Raise a Question of Privilege is a device that permits a request or main motion relating to the rights and privileges of the Assembly or any of its members to be brought up for immediate consideration because of its urgency. Such Question of Privilege may relate to the comfort of the delegates with respect to ventilation, lighting, noise, or other disturbances, to the conduct of visitors, etc. It may interrupt a speaker if immediate action is required. Example: "I request that speakers use the microphones so that we can hear what is being said." The Chair rules on whether the privilege shall be granted subject to appeal by the delegates. Takes precedence over all other motions except the three higher-ranked privileged motions to Recess, to Adjourn, to Fix the Time to Which to Adjourn. No debate. No amendment. Chair rules on admissibility.

To Recess

Has little significance for this convention since time of recess is usually set in the Order of the Day. When the time for Recess is over, delegates should return to the convention hall immediately for continuation of the session.

Objection to the Consideration of a Question

The object of this motion is to enable the assembly to avoid altogether any question, which it may consider irrelevant, unprofitable, or contentious. An objection can be made to the consideration of any principal motion, but only when it is introduced. Requires no second. Cannot be debated or amended. A two-thirds vote against consideration is required to sustain the objection.

Adjournment

When the adoption of the proposed program for the convention, the times for adjournment between sessions as well as the time for adjournment at the close of the convention have been set.

To Fix the Time to Which to Adjourn

With the adoption of the proposed convention program, the times to which to adjourn between sessions have been set. The time to which to adjourn is the next scheduled convention of the district, unless a special convention is called in keeping with the constitution of the WELS. Majority vote required for adoption.

Lunch Schedule and Circuit Meeting Locations

All circuits will meet to elect a circuit pastor by ballot during the lunch hour on Tuesday. The schedule below shows the two groups of circuits and their times for lunch and this meeting.

Note: All parish pastors serving in the circuit are eligible to serve as circuit pastor. The term is a two-year term. Please report the election results to the District Secretary and the Chairman of the Elections Committee.
